

Run out of a regular repeat medication and need a supply quickly?

111 online Emergency prescriptions

Use this service to request a limited emergency supply of a medicine you've completely run out of.

This must be a medicine you are prescribed regularly, through a repeat prescription.

You will be charged your usual prescription fee. If you do not usually pay, it will be free.

You can select a pharmacy to send the request to and go there directly to obtain the supply if appropriate.

When not to use this service

If you need medicine and also have any symptoms, call 111 and speak to an adviser instead.

You cannot use this service to get:

- antibiotics for a new or recent problem
- controlled drugs that require identification to collect
